The new Kosher Salt All Purpose Seasoning contains all the flavors to spice up that snack or meal, whether it's just some fries from your favorite fast-food restaurant or a home cooked meal which needs just a pinch of flavor to add an exotic feel, Jayshree's Kosher Salt All Purpose Seasoning

Coarser than the regular All Purpose Seasoning, the Kosher Salt version is great for French Fries and Soups. As a blend of over 20 herbs and spices, it's definitely going to get your taste buds going.

Made from a special collection of the finest herbs and spices from around the world, our seasoning is an all natural product. A few of the rare and exotic items in the Kosher Salt All Purpose Seasoning are Green Bell Peppers, Orange Peel, Tomato Powder and Extra Fancy Dill Tips.

Its ideal for Soups, with larger grains of salt and bigger pieces of herbs, it will make any soup look homemade, and taste homemade, but be as easy adding salt or pepper.

Also an ideal addition for chicken, steak, shrimp, omlets or any of your other favorite dishes.

These new specialty blends can be placed on top of your favorite foods, after cooking, just like salt and pepper. The Salt-Free Garden Seasoning, which contains no salt, will keep your salads healthy, light, and tasteful-the way a salad should be, without any fatty dressings or vinaigrettes. Garden Seasoning can also be used to make that pizza or pasta have a garden fresh taste.

All Purpose Seasoning contains fine grains of salt, which make it ideal for chicken, steak, shrimp, omlets or any of your other favorite dishes.

Kosher Salt All Purpose Seasoning has a coarser grade of salt, making it the perfect addition to French Fries or Soups.
